

## **Mono Lake Fat 40 Loop: Cue Sheet**

Park in the Mono Basin Visitor Center. As you're looking at the Main Building, notice a large kiosk to your left. Start your mileage here. There is an old jeep trail that steeply descends down to the main fire road below.

Take this steep, sandy trail down. There are no signs that this trail is closed to bikes, but if we find out it is, you'll have to leave the parking lot and take a "less fun" option. For now, do it the "fun" way.

.35 arrive old rusty car, merge with graded rd, go left

.85 right at T, go 100 yards, then veer left up to Hwy 395

3.95 exit the freeway, and go right on Cemetery Rd

5.27 pass the cemetery on your right

5.5 continue straight- (heading right goes to the mine)

7.2 stay straight at black point turnoff

8.95 veer right on double track

12.1 go straight

12.3 straight thru intersection

14.1 merge with Highway 167, go right

15.5 go right on dirt

15.9 veer left

22.7 reach an intersection - go straight on 1N54

24.5 stay straight

27.2 sweet overlook at top of a short climb. Gorgeous!!

28.1 veer left

29.7 stay straight

33.5 stay straight at junction with navy beach rd

34.2 left at T, then go 50 yards - right on test station rd

38 go right at T, you're now on picnic grounds rd

40.4 cross river (be ready to get your feet wet)

41.2 reach the rusted car. Go left and conquer the last steep climb back to the Visitors Center.
